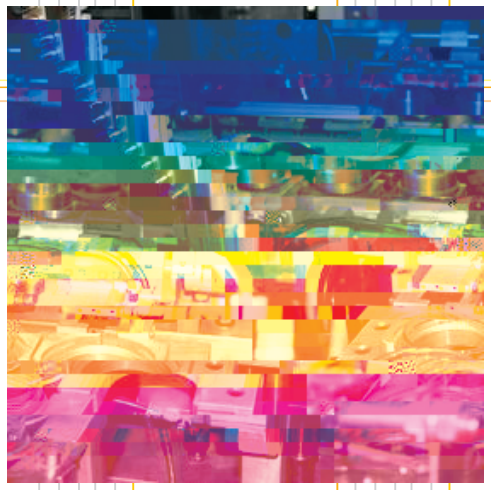
ADVANTAGES

系统优势



•

•

1.

2. 600
20

3.
50%

Two advantages

- Good stability: thanks to the excellent design concept and strict machining request as well as the outstanding electric collocation.
- Competitive price: provide machine with good quality while lower price.

Three characters

.Demark Machinery bring in the method of rotary blowing mould machine to develop linear blowing mould machine for the first time among the domestic manufacturers, which has resolved the problems of bad stability and lowefficiency of traditional linear blowing mould machine.

2.Jeepine Machinery is the first company that makes the single cavity capacity up to 600 bottles per hour (take 20L Oil bottle for example).

3.Peculiar heating system of light bar and light box with special design make it saving electric power by 50%.
